

Parental Permission Form Rooming Exceptions

Statement of Abuse Prevention Measures

It is the goal of the staff of Faith in 3D to offer our participants the safest possible housing arrangements. It is standard for most denominations and youth-oriented events to prohibit youth and adults from sharing living accommodations such as hotel rooms, cabins, dorm rooms. There are unique circumstances that require youth and adults to share rooms. In order for this to be an approved exception we require parental awareness and approval. This form must be signed by the parent / guardian, the group leader and then approved by the corresponding denominational staff in order for the registration to be viable. Thank you for your assistance and understanding. Parents who are sharing a room with their child do not need to complete this form.
